MEMORANDUM FOR: Assistant Director for Communications

SUBJECT: Commendation for the Signal Center

1. The performance of duty by personnel of the Headquarters Signal Center in support of operation PBSUCCESS was exemplary and is worthy of commendation.

2. I am aware of the large volume of high precedence messages that was handled and of the long hours worked by the many individuals who are a part of the Signal Center team. Also, I am aware of the very uncomfortable working conditions during a part of the period occasioned by failure of the air-conditioning equipment.

3. The accomplishments of the Signal Center are a credit to the Office of Communications and to CIA and a source of pride to me.

4. I wish to express my personal appreciation for the splendid effort that was made and to commend each individual for the outstanding performance of duty.

**Allen W. Dulles
